Membership Survey

COMMUNICATIONS

Most of respondents learns about our activities from our emails and the website.

There is a good range of interests for types of articles, but member news and technical guides/news are most popular.

Most repeated feedback on our website / news is a request for **more member news!**

Majority of respondents are based in or near London. Of those respondents who are not most, but not all, feel they are able to engage and virtual events have helped.

EVENTS

Members are typically attending 1-5 events per year. Those who are not attending any most frequently cited covid (ill health or administrative difficulties).

Most popular events were the Building Tours and Technical Lectures and members want more. **There is also a significant interest in some historic preservation lectures.**

Strong preference for week-night and evening events, but also significant desire for lunch time events. There is a desire for weekend events although smaller than the other times.

Members would overwhelming like to keep events half live and half virtual. Specifically, there was a preference to maintain technical lectures and some tours virtually.

MISCELLANEOUS

Those who use the legal help line tend to appreciate it, but many did not use the services.

Many have not yet used or were not aware of the on-demand lectures with quizzes but those who do use them were very positive.

Emerging Professional respondents are keen to see the return of **networking and mentoring** events.

RIBA is the most common other professional affiliation.

Treasurer's Report

Presentation by:

Maria Loring, AIA

2021 Treasurer

United Kingdom

Overview: 2021 Final Accounts

2020 showed an unusually high profit due to the cancellation of events as a result of Covid 19.

Counterbalancing this, 2021 shows a loss of almost £15,000. This is in line with the figure we set in the budget.

This loss can largely be attributed to some subsidised high cost events and a slight drop in sponsorship income.

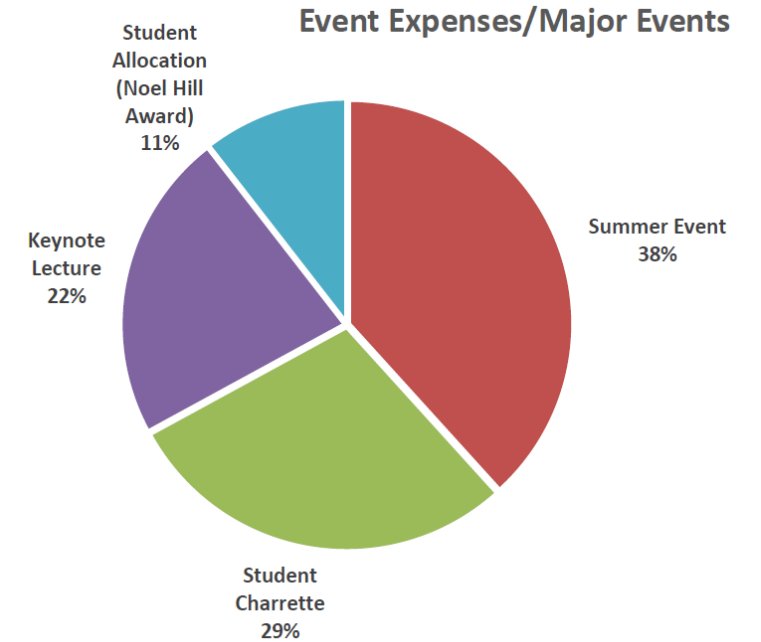

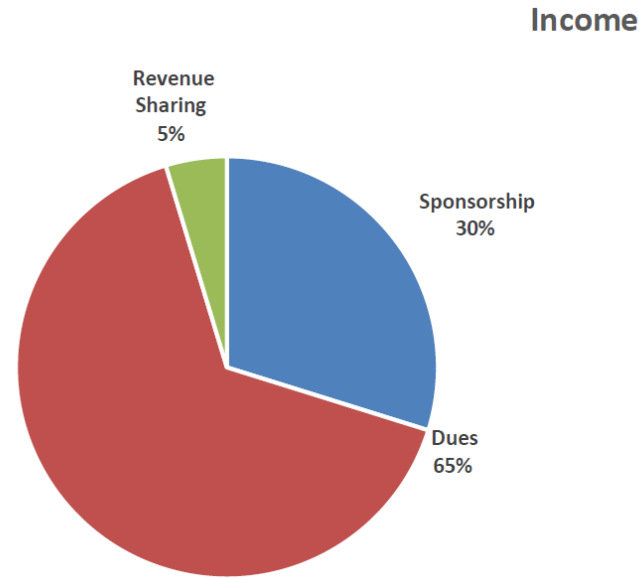

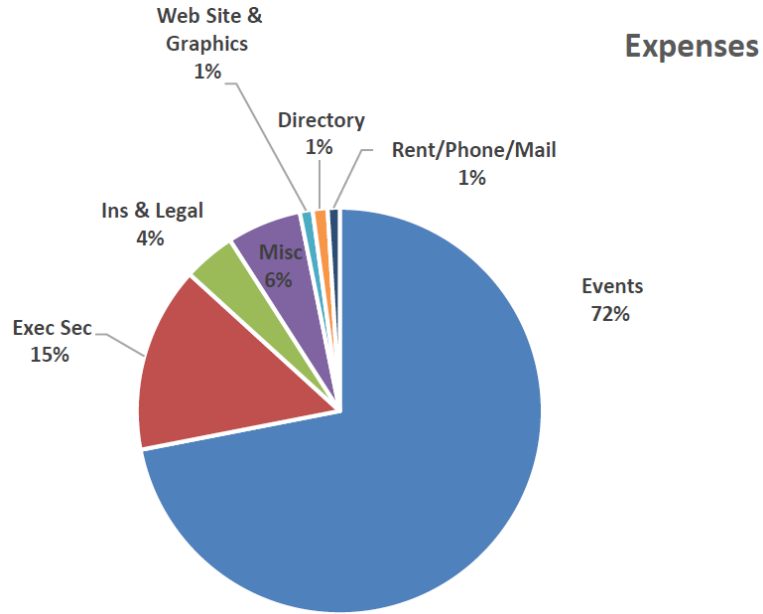

NB: a decision was taken by the board not to pursue as much sponsorship during pandemic conditions

Although the loss looks significant, this was anticipated and the cash reserves are significantly above previous years.

Overview: 2021 Final Accounts

Expenses:

- General Expenses remained relatively stable
- As anticipated, the bulk of spending was due to events
- Due to pandemic restrictions, there was less spending on travel and conferences

Income:

- Dues Income has remained relatively stable over the last two pandemic years with only a relatively slight dip in 2020.
- Sponsorship was strong, especially given that there were less opportunities to hold in-person events due to pandemic restrictions

Event Expenses:

- Higher expenses for the Summer Event were due to subsidised tickets by the chapter to encourage attendance
- Expenses for the Student Charette increased due to using the Building Centre as the venue
- As the Design Awards were a virtual, the event made a small profit (not shown on this chart)

Dues Income has remained relatively stable over the last two pandemic years with only a slight dip in 2021. However, Revenues from AIA National's sale of AIA documents in the US has fallen

Sponsorship Income while slightly down, continued to be strong despite the restrictions on live events imposed by the pandemic

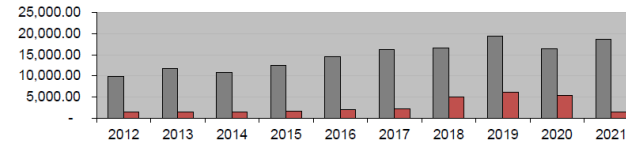

Total Income has dropped over the pandemic years, but not as much as expected

General Expenditure has dropped during the two pandemic years, partially due to fewer general expenses and live events

Profit & Loss: while the negative graph looks unusual, this was anticipated and is in line with the figure that we set in the budget

Profit & Loss

We move into 2022 in a strong financial position:

- Positive bank balance
- Good relationships with current sponsors look set to continue
- However, it would benefit the chapter to seek new and additional sponsorship
- Deposits for two previously cancelled events have been carried over:
 - Venue deposit for the Design Awards from 2019 : Rebooked for 2022 at the Barbican
 - Boat Trip : date to be decided
